Tentative Rulings are proposed as orders to be issued at the hearing and are posted in advance for the convenience of the parties and their counsel. Each matter on calendar will be called and parties are expected to attend. For those matters where the parties are not ordered to appear and either the parties agree or no objection is made at the hearing, the Court routinely adopts the tentative ruling as the ruling in the matter.

For privacy purposes on the publicly posted version of this document the parties' last names have been replaced by keeping only the first letter followed by three x's (example, John Doe = John Dxxx).

The Agency filed a motion for modification of child support on March 13, 2020 at the request of Respondent (Moises). Current support orders of 8/19/2014 set child support at \$1,000 per month, payable by Respondent (Father). The moving party has the burden of showing changed circumstances since the last support order. It is unclear if the initial burden is met. Respondent's income and expense declaration indicates he is currently unemployed, but the timing and context of the unemployment is not indicated. No proposed Guideline calculation is attached for court review. Here is no explanation of parenting time.

The court shall hear from the parties at the time of hearing.
